2018 NIFHA DEVELOPMENT AND ASSET MANAGEMENT CONFERENCE AND SUPPLIERS EXHIBITION

Following the success of last year, the 2018 Conference is specifically designed to provide delegates with an insight into the latest approaches and strategies for effective development of social housing projects and estates management. The event will feature a range of interactive themed sessions that will cover both the key strategic and operational issues affecting the social and affordable housing sector's plans for development and asset management.

Limited places available, BOOK NOW...
