'Reversing the Trend':

Launch of Eye Work With You Too research findings

Only 1 in 4 blind or partially sighted people are in paid employment.

We want to reverse that trend. Will you join us?

Georgia, 18, is registered blind:

"I can only hope that universities, careers advisors and employers can see my potential past my challenges - the ability beyond disability.

Be part of a select group of business, education and policy leaders who are coming together to reverse inequalities in employment for blind and partially sighted people. I hope to see you there."

From, Georgia.
