We are committed to the prevention of suicide, promotion of positive mental health and support to families who have been bereaved through suicide. Since its inception, the organisation has grown and developed, in line with the needs of Lighthouse clients and the changing community landscape it serves.

Lighthouse's vision is 'To be recognised as a beacon of hope, saving lives and creating a brighter future'. It has worked hard to dissolve the stigma associated with suicide and poor mental health, through designing a portfolio of early interventions, counselling projects, information and resources for families, carers and individuals dealing with impact of suicidal thoughts and bereavement by suicide.

We are delighted to grow our team with the new role of Training Lead within Lighthouse, requiring a minimum 2 years recent experience in a similar business role.

Lighthouse offers a comprehensive company induction, competitive rates of pay, flexible working options, continuing professional development opportunities, enhanced annual leave, occupational sick pay, company pension, reduced cost health programme, on-street parking at offices and an employee engagement programme.'
