There are medically documented success reports of these and many other illnesses:

South German Sunday Post, 1949: "It's incomprehensible!" Bruno Gröning heals the lame, the blind, the mute ...

The extraordinary healings that occurred through **Bruno Gröning** (1906-1959) ushered in a new era of spiritual healing.

Bruno Gröning left behind the knowledge of how to absorb a natural **healing power** that can bring long-lasting health to every human being. Back then and still today, healings from decades-old chronic illnesses, as well as from drug and other addictions, have occurred worldwide.

This is confirmed by numerous success reports that have been carefully examined by doctors of the **Medical Scientific Group** and documented using medical evidence by independent physicians.

Doctors, psychologists and healing practitioners of the Medical Scientific Group regularly share their experiences through **lectures**, both domestically and internationally, in order to make Bruno Gröning's knowledge accessible to all people everywhere.
